To : All valuable customers,

Re : Implementation of "Low Sulphur Surcharge" (LSS)

This is a notice to inform that HEUNG-A SHIPPING CO LTD will support and comply with the initiative by China Government to reduce carbon emission from shipping industry.

The cost of compliance with the new regulation along with the increase in fuel price have made the current business Environment unsustainable in the long run.

Hence, in order to ensure our continued service to our esteemed customers, it is inevitable that we will need to Implement a surcharge for all import and export cargo from/to Shanghai and Ningbo.

Below is the quantum which will be implemented and collected locally in Shanghai and Ningbo for both outbound and inbound shipments :-

Laden CNY140/TEU  
Empty CNY140/TEU

Date of implementation :

Outbound - From Shanghai and Ningbo to South East Asia, starting from Nov 09, 2018

Inbound - From South East Asia to Shanghai and Ningbo, Starting from Nov 09, 2018 (base on the vessel ETA Shanghai and Ningbo)

We would like to seek for your kind understanding and support.
